

WHEN YOU RIDE

HERE'S WHAT TO LOOK FOR

Schedules

Each route has a schedule or timetable that lists the departure/arrival times of the bus along that route. The timetable also notes the destination(s) of the route, where to transfer to other bus routes and the days that the service operates. Timetables are available on the bus online at www.cttransit.com from the downtown Customer Service & Sales Outlet at State House Square in downtown Hartford, or by calling the Customer Service Center.

Terms You Need to Know

Timepoints are places the bus is scheduled to reach at a specific time. Times listed in columns below each timepoint are when buses are scheduled to leave that stop and correspond to places on the map. The timepoints listed are for reference and do not represent the only places the bus will stop. You should be at your stop at least five minutes before your bus is due.

Special symbols in front of trip times have different meanings, so please refer to the route notes at the bottom of the timetables.

Identifying Your Bus

As a bus approaches, be sure it is the one you need before trying to board. The sign above the windshield shows the bus route number/letter, the name of the route, and the destination of the bus. On trips **away** from downtown, the overhead sign will have the number/letter and route name as listed on the front of the route timetable. Going **toward** downtown, the overhead sign will display the downtown destination or the name of the route for the continuing trip leaving downtown.
